GUIDE IN MAYFIELD

My Neighbors

"I can't stand these high taxes. Marry me and we'll start raising some deductions!"

Clint Clark and J. O. Clark of Route 5 were visitors in Benton Saturday.

Charles Hall Honored By Calvert Lions Club

Charles H. Hall was honored last Thursday night, May 1, for his part in bringing the chemical plants to Calvert City.

The Calvert City Lions Club, at a banquet held in the Gypsy Tea Room, awarded Hall a special appreciation plaque. Hall is a television equipment salesman and lives at Lancaster, Ky., but he came "back home" for the banquet in his honor.

Club spokesmen called Hall's work "an important link in the chain of effort which brought the valuable chemical industry to this community."

Hall, said Bill Powell, executive editor of the Sun-Democrat,

"worked silently and without fanfare on the difficult job of plowing the ground that later produced this fine thing we have here."

Powell, principal speaker at the club meeting, wound up with a special tribute to Hall.

He praised Hall's leadership and willingness to work "hard and unselfishly without headlines and fanfare as he went along."

Hall, during most of his work in promoting the start of Calvert City's chemical industry, worked for or with Luther Draffen, often called "the father of Kentucky Dam" and the "man who did more than anyone else to bring the chemical world to Calvert City."

Hall served on special committee with Draffen and the late R. V. (Preach) Green of Paducah to acquire property for plant site and railroad right-of-way for Pennsalt. Later, he handled

RECENTLY MARRIED — Mr. and Mrs. Pat Douglas Bloomingburg, above, who were married April 22 at Paducah. She is the former Virginia Oliver of Eddyville. Bloomingburg is the son of Mr. and Mrs. Ezra Bloomingburg of Benton Route 6. They will reside in North Carolina, where he is stationed with the U. S. Army.

For Graduation:

White Coat

WHAT RECESSION? — Gov. Price Daniel (2nd from left) after delegation headed by Harry G. Black Jr. (right), vice-chairman of Galveston Progress Committee, provides facts and figures showing business is good in Galveston and elsewhere in Texas.

County Soil Notes

By A. E. Denhams
My neighbor once said, "I had saved him tons of soil. The water had been slowed down and allowed to soak into the ground. This gave more moisture for thirsty plants and less runoff to cause erosion."

He was referring to a system of contour farming. This method of around-the-hill farming

had saved him tons of soil. The water had been slowed down and allowed to soak into the ground. This gave more moisture for thirsty plants and less runoff to cause erosion.

This farmer was proud of what he called crooked-row farming because he could compare it with other farms in the area and see the advantage was all his.

The Marshall County Board of Supervisors recently planned to observe Soil Stewardship week May 11 through May 13. One of the things they will do is send out a news-letter to all cooperators. With this news letter as a reminder, they hope the land owners will think of themselves as stewards of the land whose duty is to protect and enrich the soil he tills.

The Supervisors again will sponsor the soil judging contest in Marshall county. The Marshall county team last year placed second in the state.

During April, 51 A.C.P. referrals were serviced by the Soil Conservation Service. This means 51 farmers are planning a variety of conservation jobs when old man weather quits frowning down on us.

This spring more than 53,000 pine trees were set in Marshall county. This is quite a decrease from previous years, however, this many trees will produce a lot of timber and control erosion if they are protected from fire.

MAILDESK DRUDGE DOOMED!

THE DUTIES OF THE OLD-TIME OFFICE DRUDGE WHO DAILY CARRIED THE TASTE OF HER LICK-AND-STICK MAILING CHORES HOME TO HER EVENING MEALS ARE FAST BEING REPLACED BY MODERN MACHINES...

TODAY'S SMALL OFFICE POSTAGE METERS CAN SEAL, STAMP, POSTMARK, DATE AND CANCEL THE DAY'S MAIL IN A FEW MINUTES. PRINT ANY POSTAGE VALUE FOR ANY CLASS OF MAIL, PLUS MAILER'S OWN POSTMARK ADVERTISEMENT.

WORTH KNOWING...
SEALED PARCEL POST PACKAGES NO LONGER REQUIRE "MAY BE OPENED FOR INSPECTION" NOTICES... AN ENVELOPE WITH TWO RETURN ADDRESSES IS NOT PERMISSIBLE...

THE POST OFFICE DOES NOT REQUIRE THAT YOU SEND OUT A MINIMUM DAILY MAIL TO USE A POSTAGE METER.

ASC News & Facts

By Robert L. Rudolph
Soil Bank—Forty one Soil

The Farm FRONT

The weather may have slowed spring work, but there is plenty of time yet for a crop. We did a lot of work last year that had to be done over. Maybe we can get started plowing before long.

The strawberry crop looks very good at this time. There is a big bloom crop. The clipper weevil has done some damage. It is not too late to spray with malathion. Use caution to control rot. Rot can cause severe damage to the crop. You can get a complete spray schedule at the county agent's office.

Keep your eye on the tobacco beds for insects and disease damage. Either can destroy a bed in a short time. Sprays can control either if used at the proper time and the right material is used.

Soil testing can save you money. Find out what plant foods you have in the soil before the fertilizer is bought. Buy what you need in the amount needed for the crop to be grown.

Bank contract signers for 1957 will again receive approximately \$11,000 in annual payments in 1958, while 38 new 1958 signers, plus two 1957 contract holders who added more land, will receive \$12,000 in annual payments and \$23,714 in practice payments if all contracts are completed.

ACP Emergency Conservation Practices—Only \$5,000 in emergency practice payments for restoring drainage ditches, pond dams, waterways, terrace outlets and stream banks has been requested. There is \$8,000 available for this restoration program of damages caused by 1957 flooding and excess rainfall.

Warning to all farmers who have small grain on Acreage Reserve designated for tobacco, cotton, or wheat. These small grains must be clipped or disked or plowed in by the following dates: Barley, May 20; Rye or wheat, June 1; Spring Oats, June 10, winter Oats, June 3; and Crimson Clover, May 17. Failure to dispose of these covers, or to harvest or graze these or any other crop from the designated acreage reserve constitutes a violation of the agreements, and will result in forfeiture of payment, and possible civil penalties.

Mr. and Mrs. Louise Hendrickson of Route 1 were Friday shoppers in Benton.

Mr. and Mrs. W. J. Myre were business visitors in Paducah on Saturday.

Funeral Conducted For Harvey Jones, Ex-School Leader

Funeral services for Harvey W. Jones, 85 years of age, who died at his residence on Benton Route 1 at 4 p.m. Thursday May 1, were held at the Filbeck-Cann Funeral Chapel Saturday afternoon. L. E. Garner officiated. Burial was in the Perry Cemetery.

He was a member of the Union Hill Church of Christ. Mr. Jones was born, reared and lived in the Union Hill community during his lifetime. He was a school teacher and at one time was Marshall County School Superintendent. He also engaged in farming a few years. He was a Church of Christ minister.

He is survived by his wife, Mrs. Marie Jones of Benton Route 1; two daughters, Mrs. Paul Brewers of Route 6 and Mrs. Stacey Mason of Mayfield Route 5; two sons, Barabas Jones of Route 1 and Paul Jones of Route 1; two sisters, Mrs. Cora Langston of Murray and Mrs. Ella Putman of Hardin; five grandchildren. Pallbearers at the funeral and burial service were T. D. Parker, Paul Creason, Earl Cole, Wilburn Howell, Myrvin Mohler, Homer Adlich and Novice Lawrence.

Mr. and Mrs. P. H. Rudolph of Elton, Ky., spent the weekend in Benton with Mr. and Mrs. H. E. Mathis. Mrs. Mathis is a sister of Mr. Rudolph.

Mrs. H. E. Mathis returned to her home in Benton Friday from Baptist Hospital in Paducah where she had been since breaking a leg.

Mrs. McCullough Pardee and children visited her parents, Mr. and Mrs. Oscar Shemwell, in Benton. They reside in Nashville, Tenn.

Rev. and Mrs. Ralph Thomas have returned to their home in Flemingsburg, Ky., after visiting his sister, Mrs. Dorothy Schmaus.

Springtime Party Drink

Springtime is party time. With the first hint of balmy breezes and the first popping of pale green buds on trees and bushes, youngsters begin to think of outdoors and party times. When thoughts turn to parties, refreshments are the first consideration. It is well to keep them simple. Many times cookies or cake and a yummy drink will fill the bill. For all occasions and to suit the tastes of everyone a supply of ginger ale and fruit-flavored beverages cooling in the refrigerator makes a hit with the family. But for the party purposes, a more elaborate drink is in order. Here's one that's a favorite with children, from tots to teen-agers.

Peanut Butter Milk Shake
2 1/2 cup (1 small can) evaporated milk
1/2 cup peanut butter
1/4 cup light corn syrup
Canada Dry ginger ale

Add evaporated milk to peanut butter, a small amount at a time, blending until smooth. Stir in corn syrup. Divide among 6 tall glasses. Fill each glass with ice cold ginger ale. Stir gently to mix.

Girls Take Lead In Tobacco Farming From the 4-H Boys

A couple of young girls of 4-H Club work in the state took the honors in 1957 for tobacco project work.

Two girls were tops in the work. They are Nancy Chapman, 17, of Ohio county, state champion, and Linda Lue Milby, 15, of Green County, second.

The boys' side of the program comes in third in the statewide work with Clyde A. Straiman, 15, of Campbell County.

Miss Chapman wins an expenses-paid trip to the National 4-H Club Congress in Chicago next November.

The young Ohio county girl in 4-H work for seven years, raised a half acre of tobacco in her project. She averaged 2,796 pounds per acre and grossed \$1,759 dollars per acre in the project. Her consignment averaged \$62.91 a hundredweight when sold. She raised burley 41-A variety.

Linda Lue raised a quarter-acre of Burley 35 variety, averaged 3,096 pounds per acre and \$1,990.40 per acre gross. Her offerings averaged \$64.29 a hundredweight.

Young Straiman raised twenty-five of an acre of Burley 26, averaged 2,680 pounds an acre and grossed \$1,735.95 per acre on his plot.

Chemise Cloche Stars for Spring

The new "chemise cloche" by Biltmore has a high "upswept" crown. Fashioned of orange Panamallow, it is trimmed with matching satin and worn at the new off-face pose. (Style #6066)

20 YEARS AGO

From The Courier
Files of 1938-39

Twenty years ago, the N.C. & St. L. Railroad was installing red warning lights at the Main Street crossing and the Dycus crossing east of Benton. The electric flashing signals were to replace the old wood cross-arm warnings. Harry Jones was depot agent in Benton at that time.

The Aurora correspondent had reported several events of interest.

Miss Clarice Grogan and J. C. McDaniel had been married at Paris, Tenn. The couple had gone to Detroit to reside.

Mr. and Mrs. Thelmer Rudolph had entertained friends with a musical in their home. The Cathy brothers, the Adams brothers and Will Tatum supplied the music.

Visitors with Mrs. O. D. Adams and Olean and C. W. Adams had been Mr. and Mrs. Herbert Jones and son, Mr. and Mrs. Milburn Holland and children, Mr. and Mrs. Hinto Clayton and Miss Lurline Adams. A 15-pound turkey had been served the guests.

The Gilbertville correspondent had reported the wedding of George Heath and Miss Nina Shawick. Mr. Heath was a senior guard on the Gilbertville basketball team.

JOE McDONALDS OF CALVERT CITY HONORED WITH GOING AWAY PARTY MAY 1

Mr. and Mrs. Joe McDonald of Calvert City were honored Thursday with a going away party at the home of Mr. and Mrs. Leonard McLaughlin.

Mr. McDonald who was employed at the Goodrich plant has been transferred to Henry, Ill.

Those attending the party were Dr. and Mrs. C. W. Traylor, Mr. and Mrs. Bob Husher, Mr. and Mrs. Bob Siegfried, Mrs. Betty Capps and Mrs. Gayle Wates.

Mrs. L. E. Gregory and family of Route 4 were shoppers in Benton Friday.

COLD SUFFERERS

Get STANBACK, tablets or powders, for relief of COLD DISCOMFORTS. The STANBACK prescription type formula is a combination of pain relieving ingredients that work together for FASTER RELIEF OF HEADACHE, NEURALGIA AND ACHING MUSCLES due to colds. STANBACK also REDUCES FEVER. SNAP BACK with STANBACK.

PULL THE PLUG ON STOMACH UPSET

Without interrupting sleep or work! When constipation sours your stomach, you feel lousy, headachy. Taken at bedtime, Black-Draught is "time" to relieve constipation—first thing in morning—without harsh griping or urgency! This amazing "overnight" laxative helps soothe your stomach too. Then life looks sunny again! Made from pure vegetable herbs, thorough but gentle. Get Black-Draught. *In Powder or Granulated form, and now in new, easy-to-take Tablets, too.

CHILDREN: When constipation sours young digestion, get Serup of Black-Draught. Tastes honey-sweet!

COLD SUFFERERS

LOOK

WHY PAY 50% MORE?

We defy anyone to buy this quality at 50% more. The reason is this: Country Boy takes the entire output of a paint factory in the dull winter months, thereby getting a much better price. Then, too, freight rates are high on paint; Country Boy uses his own trucks and saves transportation costs. All this savings is reflected in the consumer cost.

Methodist Women Attend Meeting In Paducah

The women from the Benton Methodist church who attended a district conference of the W.S.C.S. units held at the First Methodist Church in Paducah last Wednesday were: Mesdames Albert Nelson, Orville Taylor, Marcus Gurley, George Long, Harry Chapline, B. A. Walker, Mr. and Mrs. W. G. Dappert.

Those from Calvert City were Mesdames Jim Lee and W. B. Elam.

Women from Briensburg were Mesdames John Wommack, Orville Easley, A. W. Pace and Mint Stice. Mrs. W. W. Humphrey of Gilbertsville also attended.

Mrs. Freeman Mathis of Route 5 and Mrs. Harry Henson of Route 1 visited Mrs. Ollie Mathis Monday.

W. T. Norwood has been very ill at his home at Hardin for several weeks. He is the father of Mrs. Cecil Wall.

Lead me in Thy truth, and teach me: for Thou art the God of my salvation; on Thee do I wait all the day.—(Psalm 25, 5.)

Our Heavenly Father is the source of all wisdom, as He is of all love and all good and all mercy. Why should not we, His children, gladly take all our problems to Him, seeking in prayer His guidance and, receiving it, obeying? For then we shall be wonderfully confident and strong.

Luck Henson entered the Baptist Hospital in Paducah last week for observation.

H. B. Holland has been confined to his bed for several days because of illness.

Mrs. Al Moffitt of Wyandotte, Mich., arrived Monday to visit her mother, Mrs. Lela Jewett.

Human Error Biggest Factor in Auto Crashes

The car of tomorrow will be super-safe, auto experts predict.

Accidents will be designed out, they say.

Everyone agrees, though, that one accident factor will never be done away with: human error. It will be as great a problem in the year 2000 or 3000 as it is now.

"Despite every automotive advancement, people—not speed or unsafe conditions—still will be the major cause of accidents," the National Safety Council believes.

Why? "You can equip a car with all the latest life-saving devices—seat belts, padded dashboards, and steering wheels that give when pressure is put on them—but you can't design out human errors and unsafe acts."

"The new safety gadgets are marvelous—and they undoubtedly help protect motorists. But without good, cautious driving, the traffic accident toll will remain."

The toll in 1957, preliminary reports show, was 38,500. Injuries numbered about 1,350,000. The cost of the accidents was

Robey Prather of Mayfield Route 5 was a business visitor in Benton Monday.

"Not much to see in a small town—but what you hear makes up for it!"

But let all those that put their trust in Thee rejoice: let them ever shout for joy, because Thou defendest them.—(Psalm 5, 11.)

The most wonderful feeling of strength and joy will come to us and fill us when, instead of giving in to worry and despair, we truly put our trust in God, Our Heavenly Father—when we trust in His mercy and love, His goodness and wisdom. Why should we try to bear our burdens alone?

more than five billion dollars. Consider these facts:

1. In 1956, 6 out of 10 motorists in an accident were charged with a law violation—driving under the influence of alcohol, speeding, not having right of way, following too closely, improper passing, driving on the wrong side of the road, and running stop streets. And that doesn't include motorists who escaped detection.

2. Only 8 out of every 100 accidents involved a reportedly unsafe car. Most motor vehicle accidents—about 8 out of 10—occurred on clear or cloudy days.

3. About 1,850 of the 40,000 motorists killed in accidents in 1956 had fallen asleep at the wheel.

"People hold the key to the traffic accident problem," the Council says.

Mrs. J. H. Starks of Route 1 was a visitor in Benton Friday.
